THE SPECIFICATION:

Please insert the Sequence Listing set forth on substitute pages 22a-22c, attached hereto. The Sequence Listing is submitted on substitute pages 22a-22c for insertion into the specification.

REMARKS

In response to the Office Action dated June 14, 2000 in the above-identified patent application and the Notice, Applicants submit the enclosed Sequence Listing in computer readable form. The nucleotide and amino acid sequences disclosed in the specification may be found in computer readable form in File UBIQ.TXT on the enclosed diskette and are presented in the Sequence Listing on the enclosed substitute pages 22a-22c for insertion into the specification. A copy of the Notice forwarded with the outstanding Office Action is enclosed.

Applicants hereby certify that the Sequence Listing in computer readable form supplied on the enclosed diskette as UBIQ.TXT is identical to the Sequence Listing presented on substitute pages 22a-22c, enclosed herewith. The material presented in computer readable form is not new matter because it presents sequences identical to those disclosed in the specification of the application, as filed.

Applicants believe that the requirements of 37 C.F.R. §§1.821-1.825 have been complied with and respectfully request examination and allowance of pending claims 2-27.

Respectfully submitted,
